

Restrained Bell-Pack Fittings

A Fabricated Smith-Blair Product

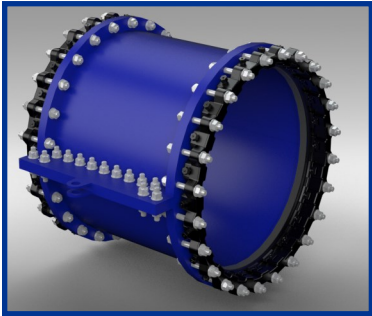

Smith-Blair Bell-Pack Fittings are designed to seal a variety of pipeline and fitting failures. Now Smith-Blair offers Bell-Pack Fittings with wedge action restraints for added security. Now available for many PVC, Ductile and Steel Pipe applications.

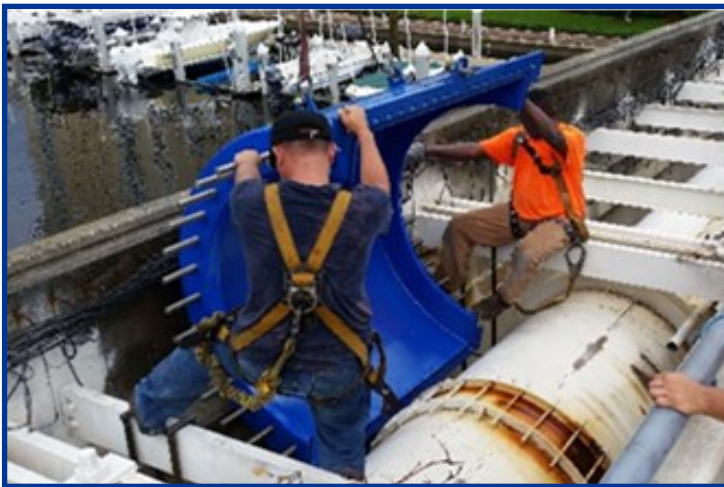

Restrained Bell-Pack Fittings

A Fabricated Smith-Blair Product

Smith-Blair restrained Bell-Pack Fittings are available with integral wedge-action mechanical joint glands for added security.

Smith-Blair's Bell-Pack Fittings are also available for non-restrained applications.

Smith-Blair Bell-Pack Fittings are proudly manufactured in our Texarkana, AR facility.
